# SEMAPHORE SYSTEM

*SP4 Tuner Trapo demonstrates the semaphore system. For a special bicentennial message, hold the top right corner of TAC and flip the pages rapidly. Decode by referring to each pose with a square behind Tuner (these are completed signal positions).*

**Three positions following Z: error, front or break, numerals follow; numerals 1, 2, 3, 4, 5, 6, 7, 8, 9, O same as A through J**
