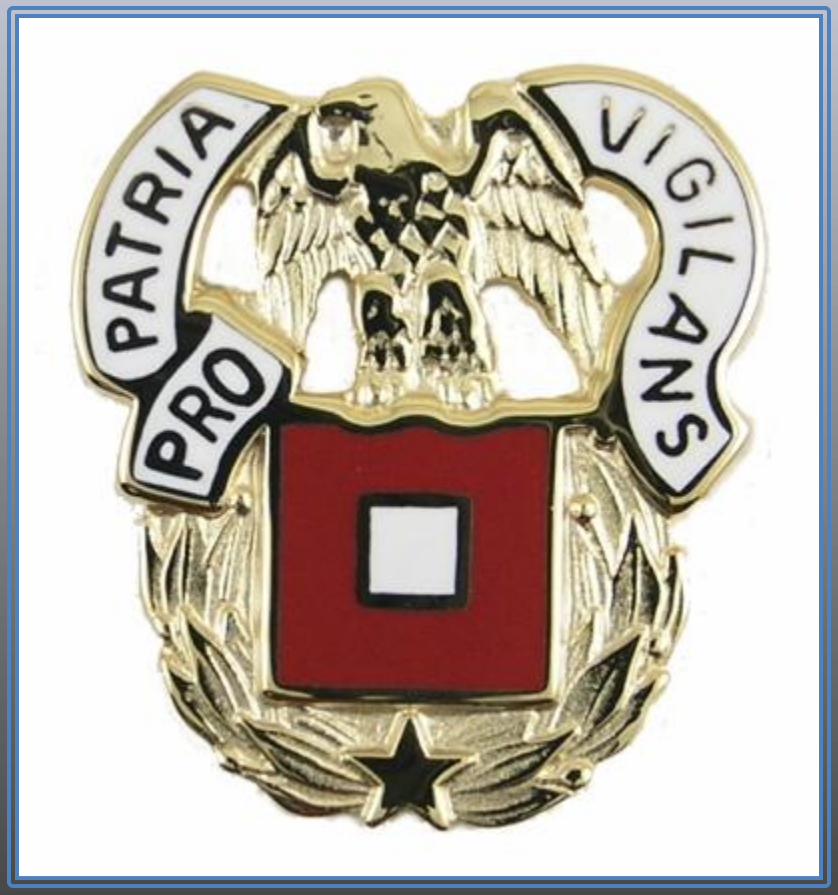
THE VOICE OF COMMAND

GO SIGNAL



"Watchful for the Country"

CONNECT AND COMMUNICATE

Mission of the Signal Corps

Provide seamless, secure, continuous, and robust communication and information systems support to military bases worldwide.

If it connects, transports, captures, manages, and defends military information…one of our 65,000 Signal Soldiers made it happen.

The Signal Corps enables the Warfighter access
to the most powerful combat multiplier:
INFORMATION

Each year over 400 Lieutenants are chosen to perform the Army's most unique and challenging missions…

…Are YOU Ready?

Over 500 platoons waiting for your leadership,

THE signal REGIMENT

ACTIVE COMPONENT

As of August 2008

13 weeks of world class training, with instruction in:

-Satellite Communications

-Information Technology

-Combat Radio Systems

-Information Assurance

-Network Operations

-Network Planning

The Signal Regiment offers hands on training at Microsoft, Cisco, AT&T, and General Dynamics certified academies along with the latest in advanced military technology.

We provide Signal officers with the skills to succeed in a challenging military career and beyond.
